

NWA Horticulture Professionals (focusing on eco-friendly landscaping and native plants)

*The following list is offered to connect clients with professionals that focus on native plants and environmentally sustainable practices. **Wild Ones – Ozark Chapter** does not endorse one company over another.*

- Comprehensive Botanical Services - Isaac Ogle
isaac@botanicservices.com
479-601-7615
Comprehensive Botanical Services is focused on ecological restoration, and the use of 100% native plants in residential and commercial landscape projects to benefit pollinators and wildlife.
- Designscape – Greg Hiatt
designscapenwa@gmail.com
www.designscapenwa.com
479-422-6334
Designscape is a full-service landscape design and installation firm that includes but is not limited to pruning, weeding, planting annuals, mulching, irrigation repair, seasonal decor, seasonal clean-up, and container garden design / install. We have a long list of native plants that we prefer to use, with an emphasis on creating ecologically friendly and sustainable landscapes. More about our work can be found on Instagram@designscapenwa or our website at designscapenwa.com
- Down to Earth Landscaping, LLC – Ryan Chyrchel
chyrchel74@gmail.com
479-445-5637
Down to Earth Landscapes is a full-service design and installation company. We specialize in a wide range of horticultural experience as well as stone (flag, field) construction, drainage solutions, irrigation installs and services. Our number one goal is to create and provide a long-term sustainable approach to both the function and aesthetics of our clients/community's homes and businesses. We realize that every home is unique as well as who lives inside it. Professional consultations and maintenance contracts available.
- Earthplan Design Alternatives, PA (EDA) – Sarah Geurtz
sdg@eda-pa.com
www.eda-pa.com
Bus.# 479-756-1266
Sarah Geurtz is a Landscape Architect who is passionate about using locally native plant species. Her AutoCAD designs use natives to create both beauty and positive ecologic impacts by utilizing vegetation layers (groundcover, shrub, tree layer) where appropriate, species biodiversity, and by matching native plants for the soils and conditions in which each thrives.
- Enliven Earth Landscaping, LLC – Brandy Molloy
EnlivenEarthLandscaping@gmail.com
479-422-0024
[facebook@enlivenearthlandscaping](https://www.facebook.com/enlivenearthlandscaping)
Offering garden bed design, planting and maintenance. With a primary focus on incorporating native plants, we create gardens that can add quality to your life and the environment.
- Living Design Landscaping LLC – Heather Schneider
living.design4117@gmail.com
479-619-8324
Offering landscape design, landscape maintenance, rain gardens, raised beds, and edging walls. Living Design Landscaping strives to provide a mixture of native plants and ornamentals.
- Long Acres Landscape Design Studio - Scott Biehle
biehle001@gmail.com or lalds.com
Specializes in residential, commercial, and institutional landscape design with a focus on the use of native plants.

- Native Restoration & Management (N/R/M)
 Contact Cody George
cody@nativerestoration.com
www.nativerestoration.com
 N/R/M is part of the award-winning Ecological Design Group, which is responsible for Arkansas' many park & trail designs. Focus on designing with sound ecology as a priority to preserve natural spaces, as naturally & eco-friendly as possible.
 Main target is parks, municipalities, preserves and large scale residential.
- Ozark Green Roofs - Lee Porter
lee@ozarkgreenroofs.com
 479-718-6125
www.ozarkgreenroofs.com
 Ozark Green Roofs specialized in design, installation, and maintenance of green roofs systems. Lee is a Landscape Architect, Certified Arborist, and administers SITES Certifications for sustainable landscape.
- Red Fern Farm and Landscaping - Megan Lankford
Megan.Lankford714@gmail.com
 417-499-3431
 Red Fern Farm and Landscaping provides the personal touch you need to make your home a sanctuary. Offering garden consultation, education, design, maintenance, restoration, and a passion that combines horticulture and nature. Megan's goal is to provide ecosystem services for our native fauna, while creating an oasis that you and your family can enjoy. With a BS in Horticulture and a decade of professional experience in public gardening, Megan has a vast base of knowledge to offer.
- The Organic Lawn Guy – Shannon Pope
theorganiclawnguy@gmail.com
 479-236-0806
 A full-service lawn maintenance & landscaping company, providing mowing, landscaping, turf management & consulting. Manages turf & landscaping organically.
- ThriveRoots Design, LLC – Jake Owens
jake@thrivorootsdesign.com
thrivorootsdesign.com
 501-206-7365
 ThriveRoots Design is a Biophilic Design company that focuses on bringing as much nature into the urban built environment as we can. Aside from native/natural landscaping design and installation, we specialize in living walls/green walls/vertical gardens as well as provide services for containerscapes/plantscapes, hardscapes, rain gardens, dry creeks, and pollinator habitat. Feel free to browse through some of our portfolio and bio at thrivorootsdesign.com or visit us on Facebook or Instagram.
